THE ORGANISATION

What is an RTO?

A Registered Training Organisation (RTO) is an organisation that is formally recognised by the Government to provide Nationally Accredited vocational education and training (VET) and/or assessment services.

Accredited means the course is nationally recognised and that a registered **training** organisation (RTO) can issue a nationally recognised qualification or Statement of Attainment following its full or partial completion. An **accredited** course: meets industry, enterprise or community needs

South West Training services is contracted by the Skills First Program in order to provide government subsidised training to eligible students who wanting to undertake further education in vocational training. SWTS also a not-for-profit training organisation.

Vocational education and training (VET) is part of tertiary education and training which provides accredited training in job related and technical skills. It covers a large number of careers and industries like trades and office work, retail, hospitality and technology.

The Australian Quality Training Framework (AQTF) is a set of nationally agreed standards that provide a benchmark for Australian RTOs training and assessment practices. This ensures that although each RTO trains differently, the outcomes are the same. The AQTF therefore ensures that the quality and confidence in VET as well as national consistency and better outcomes for learners and other VET system clients.

Our Obligation as your RTO

As a registered training organisation (RTO) registered with Victorian Registration and Qualifications Authority (VRQA), we have an obligation to ensure the quality of the nationally recognised training we deliver. To ensure compliance, we have developed comprehensive internal policies, procedures and systems that guide our compliant operations and we participate in audits with VRQA upon their request.

As the RTO we have the responsibility to issue you an AQF complied certification, in line with the Australian Quality Training Framework (AQTF) Condition 6 – Certification & Issuing of Qualifications Certificate issuance policy.

If at any time you feel we have not met our obligations as an RTO, you have the right to make a complaint following our Complaints and Appeals Policy outlined further on in this Handbook.

OUR HISTORY

In 2001 the vision for a Registered Training Organisation was born in *Equip Church International*. Throughout 2002 market research and investigation was completed to identify local demand and plan how we would establish our service. In 2002 two people began the task of setting up that RTO.

in a caring, Christian environment to help people in their personal and career development. This is to ensure that the student is enrolling in the most suitable qualification of their interest and the chosen study help with their future job aspirations. Also, this PTR process provides important information about the student, such as previous qualifications acquired, LLN and digital skills or any additional support needs, learning style, etc. These information enable us to provide quality training and additional support to our students.

In order to ensure that the students has been informed well about the qualifications before they enrol, potential students are directed to SWTS website and the delegate who takes the initial call will discuss- mode of delivery , duration , days of study, study outcomes, practical placements, RPL procedures, Credit transfer and training and assessment methods.

At the enrolment process students are also explained about the Government funding eligibility including concessions, fees and charges and statement of fees will be issued. Government funded student will be completing a SKILLS FIRST PROGRAM - Evidence of eligibility and student declaration form.

The Pre-Training Review will be followed by a Language, Literacy and Numeracy test and a computer literacy test. This will be conducted to determine if the qualification they are enrolling in is the most suitable and appropriate for them and to determine any additional needs.

After a Pre-Training Review has been conducted, each student formally enrolls to a course, unit or module by completing South West Training Services' enrolment form and forwarding the form, with relevant Administration fee, to South West Training Services administration.

Upon receipt of the enrolment documentation and the administration fees, South West Training Services administration team will enter the student information into the student management system and create a student file.

If students consistently fall behind and are constantly paying make up fees, the SWTS finance team may cancel the Payment plan option and require payment of outstanding fees in full. Failure to pay following the cancellation of a payment plan will result in the student being prevented from attending class. There will be no further learning resources, trainer access, assessment or placement opportunities will be provided until the student is up-to-date with their course fees.

STEPS TO SUCCESS

Concentrate on what you can control and leave the rest to us!

Work on having the right attitudes:

- Know who you are
- Take responsibility
- Maintain focus
- Persevere
- Keep fuelling your dream
- Maintain discipline
- Be positive
- Enjoy!

Study Habits

Habit – settled tendency or practice – something that you do regularly – this can be good (exercise 4 times a week) or bad (bite your nails when stressed).

Good Study Habits

1. Write down every assignment and deadlines in your diary or a notebook.
2. Remember to bring your workbooks to class
3. Communicate with your trainer - the more questions you ask, the more prepared you'll be.
4. Highlight with colour - you simply need to underline the main points / topics in the article for easy reference later, so that you can find relevant information quickly. Don't highlight the whole article.
5. Take clear notes in class – this will help you complete your assignments when you are at home.

STUDY TIPS

In the Classroom

Make good use of your classes.

Ask questions – no question is too dumb to ask - chances are if you don't understand something, there will be others who don't understand.

Listen well – be respectful of your trainers and other students.

Take notes – underline/highlight your notes and jot down questions as you go along.

Make good use of your fellow students - get to know them, swap notes and resources, and listen to the questions they ask.

At Home

Discipline yourself to study (delayed gratification – putting of a short-term pleasure for long term gain).

- Identify a day and time that works best for you.
- Which days/nights of the week are you consistently free
- Are you a morning or evening person?
- Set aside that time as your study time – guard it, be ruthless, and train your family and friends.
- Reward yourself at the end of that time – go for a walk, have a cup of coffee etc.
- Be realistic – you can't work 4 hours straight, allow for breaks as you will be more efficient.
- Remind yourself of why you are doing what you are doing (don't lose sight of the bigger picture).

Set up a workstation where you can concentrate and be comfortable. You will need:

- A place to study – your own place.
- Desk.
- Laptop or computer.
- Folders – to keep things together.
- Stationary – pens, paper, staplers – they are yours, not the kids!

Manage your study time

Avoid disruptions – keep a notepad close at hand to jot down things you remember to do after you have finished your study time.

Turn off your phone if possible.

Use your study time to review your lessons – read back over your notes.

Note down all your due dates for your assessments and make a timeline to do them.

ASSESSMENTS GUIDELINES

Unit submissions

SWTS assessments are completed mostly in the student eLearning platform. Therefore, you can submit your completed assessment directly to your trainer via your SWTS eLearning platform. Once, you submit your assessment, your trainer will receive a notification regarding your unit submission.

Unit Re-submissions

You can re-submit the assessments for a maximum of four times. By the second attempt, if it is still unsuccessful, your trainer will contact you and will extend additional support for you to complete your unit successfully.

At SWTS our trainers are dedicated to support students achieving successful study outcomes. Therefore, please always contact your trainer or our administration team for any further assistance.

Assessment due dates

Make sure you are clear on what your assessment tasks are and the assessment due dates. Assessment due dates are clearly stated in your class schedule.

- Classroom students – 2 weeks from the unit delivery date
- Online students – 3 weeks from the unit assigned date

Our trainers provide one-on-one guidance to all our students in their studies. We provide additional support to students where necessary. We expect students to always communicate with the trainers, if they are not able to submit the assessments by the due date.

Look at the learning resources and the additional support resources provided by your trainer – these can be a guide for you as you prepare your assessments.

- Don't panic if you don't understand them initially.
- Read the question.
- Underline the key words.

- Review your class notes.
- Brainstorm - Write my thoughts, words, phrases and don't worry if it makes sense or not.
- Proof-read.
- Talk aloud – imagine you are speaking to someone who knows nothing about the topic – ask yourself how would you explain it to them?
- Reward yourself when you submit your assessments!

Reasonable adjustments

Trainers can consider reasonable adjustments to the assessment processes if required. The nature of the reasonable adjustments to the assessment process will be decided after discussion with the student, trainer, training coordinator, RTO director and placement coordinator.

TRAINING AND ASSESSMENT

RPL

Recognition of Prior Learning (RPL) is a process where skills and knowledge that you have gained through work and life experience and other unrecognised training can be formally recognised. Recognition of prior learning may be an option where individuals have been working in a relevant job role for a minimum of 2 years.

At SWTS we do not offer RPL as we are not a registered RPL provider however, we can assist students by directing them to the local RPL approved providers. Some of the local RPL providers are Victoria University Polytechnic.

CREDIT TRANSFER

POLICY

South West Training Services recognise the AQF qualifications and Statements of Attainment issued by any other Registered Training Organisations in Australia.

All qualifications and statements of attainments provided by learners in an effort to obtain Credit transfers, must be certified as a true copy of the originals, if SWTS can't sight the original at the time of the application.

Credit Transfer Process

After receiving the certified copies of the statements, we will match the unit and unit title and the credit transfers will be issued for the equivalent. This will be updated in the student's individual training plan.

TRAINING AND PARTICIPATION

Class Attendance

90% of the classes scheduled attendance is compulsory to pass your chosen course. Medical certificates are needed if you are away from class due to illness. These certificates must be provided to your trainer on the following week in class.

Should a student fail to attend and additionally not make contact with their trainer, South West Training Services will attempt to contact the student. Should the student fail to respond, an automatic withdrawal process will be initiated. Please see a detailed schedule of this below.

Summary of timeline for students failing to make contact

Deadline for Assignment not met

1. Two weeks later: Phone call/email - no response:
2. Two weeks later: Letter offering help/ warning - no response:
3. Two weeks later: Letter of withdrawal and Statement of Attainment issued.

Compulsory withdrawal from a course of study is to be initiated only as an absolute last resort. Every effort is to be made to assist student to meet deadlines (both initial and approved extensions) and to achieve competency. Further, all students are to be constantly encouraged to communicate any issues that impact on the successful completion of their studies, so that help can be offered at the earliest opportunity.

This policy applies equally to both classroom and online students.

Please ensure that you always maintain contact with your trainer to avoid initiating the compulsory withdrawal process.

SPECIAL CASE: DEFERRAL

At SWTS the maximum deferment period will be two months. If the student needs to defer for more than two months, they will have to re-enrol in a different class and will be charged a fee for re-enrolment.

However, if the request is due to a serious illness or pregnancy, student will be re-enrolled into a different class without any additional fees. This application needs to be approved by the management.

STUDENT WELFARE & GUIDANCE SERVICES

Academic and Vocational Counselling

Students may receive academic or vocational counselling from a counsellor, program coordinator, trainer or other qualified person. The trainer monitors student's progress and intervenes to provide counselling or support as appropriate, and where needed, refers the student to a counsellor, program coordinator or other qualified person, depending on the nature of the problem. Students and clients can access records of their participation and progress by asking administration and/or management staff, who will arrange for this to occur.

Personal Counselling

Any student showing signs of distress or discomfort may be approached by a staff member who notices and will be offered support. Support may take the form of advice, referral to a counsellor, trainer or program coordinator or other qualified person, depending on the nature of the problem. Where necessary the counsellor will advise the Director and assist the student to access external professional assistance. SWTS staff will always treat students with courtesy and empathy.

Food bank

Our sister organisation Equip Community services runs a food bank on every Wednesday to help the students and their families who are struggling financially to buy food.

Language, Literacy and Numeracy Support

Students needing language, literacy and numeracy (LLN) support are identified upon application. In most cases, LLN support can be provided. Where only a low level of support is needed, the student admin may arrange for the student to receive extra-curriculum assistance from the trainer or other staff member. Where extensive support is needed, the student may be referred to an agency that can help them further LLN. Referrals such as AMES and Wyndham Community and Education Centre. Where an applicant's LLN deficiency will clearly inhibit achievement of learning outcomes and the applicant refuses LLN support, enrolment may be declined.

Additional Support Services

South West Training Services offer a list of support services. This include; phone and email support, job search and placement, career guidance, study skills programs, counselling, and welfare support. Students requiring assistance are encouraged to contact South West Training Services for referral to these services.

Students must agree to abide by the South West Training Services Code of Behaviour.

The following Code of Behaviour is intended to ensure that each member of the South West Training Services community enjoys satisfactory conditions in which to study. This will result in benefits for all.

Students are expected to conduct themselves in a manner that will not discredit themselves or South West Training Services.

Acts that seriously interfere with the basic purposes, necessities and processes of the community, or which deny the essential rights, health and safety of other members of the community, are prohibited.

PRACTICAL PLACEMENT

Our Early Childhood Education and Care courses require students to complete a certain number of 'placement hours' in an appropriate facility (usually 160 for Cert III ECEC, 280 for Diploma ECEC and 280 Diploma of SAEC). Placement can be conducted in a variety of settings. During your practical placement the Trainer/Assessor will organize up to 3 or more meetings with the student. This will be when you have completed 20, 70 and 160 hours. Please ensure you inform your trainer when you are completed these hours.

SWTS organise placement for our Early Childhood Education and Care students. Also, you will be given the opportunity of indicating where you would like to do your placement hours and we will endeavour to support you. However, the final decision as to where you will be placed will rest with your placement coordinator. Once organizations have been notified of your availability, you will not be able to change from this unless extenuating circumstances arise.

Placement will be commenced after completion of the First aid unit. Also, the student must have a working with children check to commence their work placement. Our placement coordinator assists students with their placement arrangements.

You may want to complete your placement in a 3 - 4-week intensive block or by doing 1 or 2 days a week, until hours are completed. It is highly recommended that you work a mixture of

both morning and late shifts, and it is not advised that you do only 4 hour shifts. This is not the best way to experience what working in your chosen sector is like. Your trainer will help you to negotiate with facilities when you will work. Remember this is like having a permanent job – so don't take advantage of the Centres. If you are rostered to work and cannot attend, it is your responsibility to let the organization know, giving reasonable notice. Make sure you have a good excuse!

Placement in Cert IV in Education Support CHC40213

Students will participate in 100 hours of supervised work in a formal education setting, including public and independent schools. A competent qualified supervisor (Qualified Teacher) will mentor and supervise individual students. SWTS can arrange placement for our CHC 40213 students. Also, student can organise their own placements as well.

During and after your placement, you must be careful to maintain appropriate confidentiality. This will include such as when interacting with the families or sharing information about their children be mindful about not to share other children's information in relation to any incidents if they enquired. Confidentiality is binding at all times between you and the service as well you and SWTS. A professional demeanour will be expected of every South West Training Services student. This means complying with all attendance requirements, actively participating in learning activities and demonstrating respect for peers, supervisors, children and residents. Your standard of dress, grooming, hygiene and general behaviour should always be of the highest order. Avoid dressing in a way that may be perceived as inappropriate. Students should not wear low-cut or tight tops, very short skirts, or skirts with high splits, or torn or soiled clothing. Occupational Health and Safety standards require the wearing of enclosed footwear (i.e. no sandals, thongs or open-weave shoes).

A Practical Placement Agreement must be completed and signed by each student prior to Placement, and counter signed by authorized representatives from South West Training Services and the Centre offering Placement.

You will find your practical placement a most rewarding experience. It will enable you to put into practice much of the theory you have been learning in your course. Further, it will give you valuable first-hand experience, working in your chosen field. Many of our previous students have been so successful in their placement that it has led to paid employment. However, you will also find your work placement a most challenging exercise. So make sure you maintain a positive approach, and never hesitate to ask your trainer for assistance.

WORKING WITH CHILDREN CHECK

Student must hold a valid Working with Children check before commencing their practical placement. This can be obtained by following the link; www.workingwithchildren.vic.gov.au/

PROCEDURE

Recruitment and enrolment

During the recruitment and enrolment processes students are not to be discriminated against on the basis of race, gender, political or religious beliefs, disability, age, marital status, parental or carer status, physical features, personal association or sexual preference, being a rural worker or from a non-English speaking background. At the point of enrolment, students are to be made aware of the Access & Equity Policy and the support services offered.

Courses

During the regular review of each course, the trainer is to ensure that components of the course are culturally and socially sensitive. Where a component of a course has been identified as discriminating against a particular group of students, the trainer is to make every effort to modify the course, while still meeting the specified learning outcomes.

Where students feel they have been discriminated against, they are to follow the guidelines laid out in the Complaint Policy.

ASSESSMENTS & ASSIGNMENTS

For the duration of your course you will undertake many different units. Each of these has a variety of ways in which assessments will be conducted. A considerable amount of work is involved.

The training manual you receive is yours to keep. However, the work book provided for each unit, once completed and assessed as competent, will be retained by us for future audit purposes. For this reason, pen must be used when completing assessment tasks.

Some of your assignments may require you to do research. Please do not rely solely on the material in the manual. The internet has many great articles and sites to help you – just make sure that your information is relevant to Australian practices (i.e. check that the site you are viewing is based in Australia). If you do not have access to the internet, your local council library is a great place to find reference and other research materials.

We are aware that there is a lot of information for you to digest in each unit, but past experience has proven that the due dates for assignments provide realistic timeframes for you to complete work. If you are struggling, talk to us. We may be able to help you with study skills to help you use your time more effectively. If trainers have any concerns with your progress they will speak to you.

Students attending classes will normally submit their assignments to their trainers during class times. When this is not possible, as is the case with all correspondence students, assignments should be submitted to South West Training Services admin staff, who will then record the details of the work submitted in the *student work submission register*. Admin staff will then pass your work to the trainer with minimum delay.

We are highly committed to manage all the student workbook submissions with best care possible. Despite of this, we strongly advised that you keep a copy of your work submission in case your workbook gets misplaced.

COVER SHEETS

All assignments need to be handed in with a correctly completed cover sheet that must be firmly attached to your work. Each cover sheet must provide the following information:

- **Your name** - We cannot credit the work to you if you submit it anonymously.
- **Trainer's name**

- **Unit** - Refer to the name and number of the unit you are studying.
- **Assessment title**
- **Your signature**
- **The date of submission**

Please do not use display folders to submit written assignments. You may, however use plastic or other folders to protect your work.

PRESENTATION OF ASSIGNMENTS

If you follow the following guidelines, as well those in the study guides, your work will always be well presented.

- Spelling and grammar should be correct.
- If you are hand-writing your work, use either a black or blue pen. Do not use pencil.
- If your assessment is hand-written:
 - Ensure it is neat, tidy and easy to read.
 - Leave a margin down the left side of your work.
- If you have typed:
 - Type only on one side of the page.
 - Type at least a size 12 font (unless stated otherwise).
 - There is no need to double-space unless otherwise stated.
 - Make sure you include page numbers with your work.
- Make sure your finished product is neat and clearly presented.

STUDENT PLAGIARISM, CHEATING AND COLLUSION

Plagiarism

Using the work or idea of another person (published or not published) and not giving them credit for it stealing or theft. Plagiarism is treated very seriously by most educational institutions, it is therefore important that in any essay or presentation that you put together that you have credit for any reference or external source you have used. Rule of thumb – “if it’s not considered to be common knowledge then you need to reference it”.

SWTS has a zero-tolerance policy for plagiarism, cheating and collusion. Students are expected to act with integrity at all times and only submit work that is their own or that has been

appropriately referenced and includes acknowledgements of all resource materials used in the preparing the work.

When you submit your assessments, you will be required to sign a declaration that the work provided is your own and that you have not cheated or plagiarised the work or colluded with any other student/s.

If you are found to have plagiarised, cheated or colluded, you will be given an opportunity to respond to the allegations. If you are found to have plagiarised, cheated or colluded, we will be required to take disciplinary action which is likely to require you to complete the assessment again.

BIBLIOGRAPHIES:

At times during your assessments you will be asked to include a bibliography:

- This should be at the end of your assessment.
- It should be on a page of its own, with the heading, 'Bibliography'.
- A bibliography is a list of all the different places you went to find your information:
 - books;
 - magazines, journals and newspapers;
 - internet sites;
 - government reports; and
 - Policies and procedures from schools, day care centres etc.
- Each different place from which you found information must be cited separately.
- You need to include:
 - the author's name,
 - the date first published,
 - the title of the book or article,
 - the place of publication, and
 - the name of the publishing house

SECURITY

Make sure you always keep copies of all work submitted. It will come in handy for your future reference, and will be invaluable in the unlikely event that your work goes missing. No assignment work can be collected by anyone other than its owner.

ASSESSMENT SUBMISSION AND DUE DATES

Due dates for assessment tasks are mentioned in your class schedules. Due dates are recognized as critical deadlines requiring attention. Always communicate with the trainer if you are unable to complete your assessment tasks before due dates and need extra time.

To promote accountability and assist all our students to complete their course in a timely manner, the following policy applies:

1. A customized training plan is developed for each student in consultation with the trainer. The Training Plan contains course dates and assessment submission due dates for each assignment.
2. Due dates are again confirmed by the trainer when each assignment is presented.
3. The trainer is the responsible authority to approve requests for extension. If the student wishes to appeal, the matter is then to be brought to the Director for a final decision.

PARTICIPANTS WHO DO NOT SUBMIT THEIR ASSESSMENTS ON TIME, AND DO NOT SUBMIT A 'REQUEST FOR EXTENSION FORM' WILL BE REGARDED AS INACTIVE AND THE FOLLOWING WITHDRAWAL PROCEDURE WILL COMMENCE.

1. If no extension is sought and a deadline is not met without explanation from a student, the Student registrar is to contact the student by email or phone within the next fortnight to identify the nature of the problem, and to offer any assistance that may be appropriate.
2. If there is still no contact from the student within the next fortnight, the Student Registrar will send a letter to the student requesting that contact be made as soon as possible. Help is to be offered.
3. If no further contact is made by the student within the next fortnight, the RTO Manager is to send another letter advising that failure to reply will be taken as indication of intention to withdraw.

4. If no further contact is made by the student within the next fortnight, SWTS will send a final letter advising that the lack of response has been interpreted as the student's intention to withdraw. A Statement of Attainment (SOA) is to accompany this letter where appropriate.
5. The student is then to be immediately withdrawn from the course.
6. Debt collection is to be initiated for recovery of any outstanding fees.

Correct application of this policy means that in cases of deadlines not being met, and contact not being made, no student can be retained on a course of study at South West Training Services for longer than eight weeks after having exceeded an assignment deadline and failed to make contact.

Defer from Studies

If, a student needs to defer their studies they have to fill in a deferment form. At SWTS the maximum deferment period will be two months. If a student needs to defer more than two months they will have to re-enrol in a different class and will be charged a fee for re-enrolment. However, if the request is due to a serious illness or pregnancy, student will be re-enrolled in to a different class without any additional fees.

Withdrawal from Studies

If you find yourself unable to continue your studies, you must advise us without delaying and submit the request in writing. This is for your benefit as we may be able to provide some form of practical assistance. If withdrawal from the course is unavoidable, written notification must be provided.

Statement of Attainment will be issued within thirty (30) days of withdrawal as long as all relevant fees have been paid. A record of results will only be provided with a statement of attainment where requested.

COMPLETION AND GRADUATION

On completion of your course and payment of all relevant fees, we will issue you with a qualification (testamur/certificate) and record of results within thirty (30) days. The record of results will show the units of competency achieved in the course and corresponding results.

You will receive a letter of completion, a statement of results and an invitation to the South West Training Services graduation evening. You may invite your friends and family to your graduation where you will be provided with a certificate and congratulated for all your hard work. Should

you not be able to attend the graduation evening, your certificate will be mailed to you, or may be collected at the training office with prior appointment. We look forward to seeing every student who completed their studies and joining us in celebrating their success at graduation. Please contact our training office for more information on graduation.

FINAL WORD

We congratulate you on your decision to embark on this course of study. You will find it both challenging and fulfilling. Most students begin with great enthusiasm. It can however, quickly become a tough slog. The pressures of combining study with life's other demands can be stressful. If you find yourself in this situation, it's important to stay focused on the aim you had when you started. If you do not deviate from your goal, you will succeed! There is no substitute for perseverance.

As you have been reading this handbook, I hope you have noticed that almost all VET policies are aimed at providing you with the best possible training environment. This is certainly our aim at South West. We take seriously our responsibility to equip you for success.

During your studies, there is any way we can help you, please do not hesitate to ask. If you see something that does not seem right, please point it out to us. We value your feedback. We honestly want you to succeed.

Make use of all the resources and assistance available at South West Training Services. We are here to serve you and are committed to your success. And we will be the first to celebrate with you when you graduate.

May God richly bless you as you commence this journey with us.
